Dear Mr. Rainsdon:

We received your "Notice of Intent to Work" your mining claims, Hogs Back #213934 and Bonnie #224106. Your notice covered all requirements of the 1982 regulations except the statement of reclamation. I have attached a page of regulations and underlined in red the sections covering this subject. Please send us a statement covering the reclamation requirement and we will attach it to your notice.

We have assigned your notice the number UT-057-21N. Please use this number for identification when dealing with this notice.

We would remind you to exercise care in preventing any undue or unnecessary disturbance.

Sincerely yours,

John C. Muhlestein

Area Manager

## Work to be done:

T19S R14W SLB&M NO. East Quarter  
Section #11.

I would like to wash creek gravel through a sluice box and possibly through a 25 yard per hr. wash plant (Portable), for the purpose of gold & other precious metals in the gravel.

I would like to build a small reservoir in creek channel for the use of washing gravel.

Equipment on project would be 933 loader, Sluice box & possibly Portable wash plant.

I would like to start on this April 1<sup>st</sup> 1986, termination of operation, when all values have been recovered from gravel.

Claims      Hog Back Place umc-213634  
Bonnie Place umc-284166

Thank You
